

## Candy Airplanes

### Materials Needed:

- Life Savers candy
- Pack of chewing gum sticks
- Smarties candy
- Rubber bands

### Directions:

1. Start by threading the rubber band through the holes of both lifesavers.
2. Place two sticks of gum through the rubber band on each side, securing it in place. Keeping in mind that the rubber band “ends” should each be on the outside of the lifesavers.
3. Next place the Smarties roll in between the 2 lifesavers and on top of the rubber band.
4. Enjoy your new airplane!
